## Kids Can Sew! After School Club

### The Basics

We require at least **TWO** private lessons before we can allow new students to join the group. Why? So, they will be familiar with their own sewing machines, and also get to know the instructors.

### Other Requirements

Each student must have their own sewing machine in good working order, as well as some very basic supplies, such as scissors for cutting threads, pins, and a seam ripper.

### The Fee

We charge only \$25.00 per session. Private lessons are one hour each; group lessons are an hour and a half. All sessions include the majority of supplies, unless there is a project with more expensive elements that are required. In this case we will let you know, and it is rarely more than an additional \$10.00 for one session.

Our Kids Can Sew Club meets about twice a month during the school year, with students from 6 years old up into their teens. They make amazing projects each month, and we try to end the year with a project that will benefit the community.

## NEWS BRIEFS

We now have a **\$20 Non-Refundable Diagnostic Fee** which can be applied to your repair bill as long as we are able to fix your machine. If we can't fix your machine, then the fee is for our labor in evaluating it. Many times, we can tell you before you leave your machine if we think we can repair it or not. The fee is due when you drop off your machine (applies to both sewing machines & vacuum cleaners).
